

Jesus died to save a world that was covered in sin - He took the punishment for the sin of the world, so that we could all be a part of the Kingdom of God. Mark 15:33-39

Jesus on the Cross

When Jesus was nailed to a cross, they put a sign over his head.

Join the dots and trace the word to find out what it said about him.

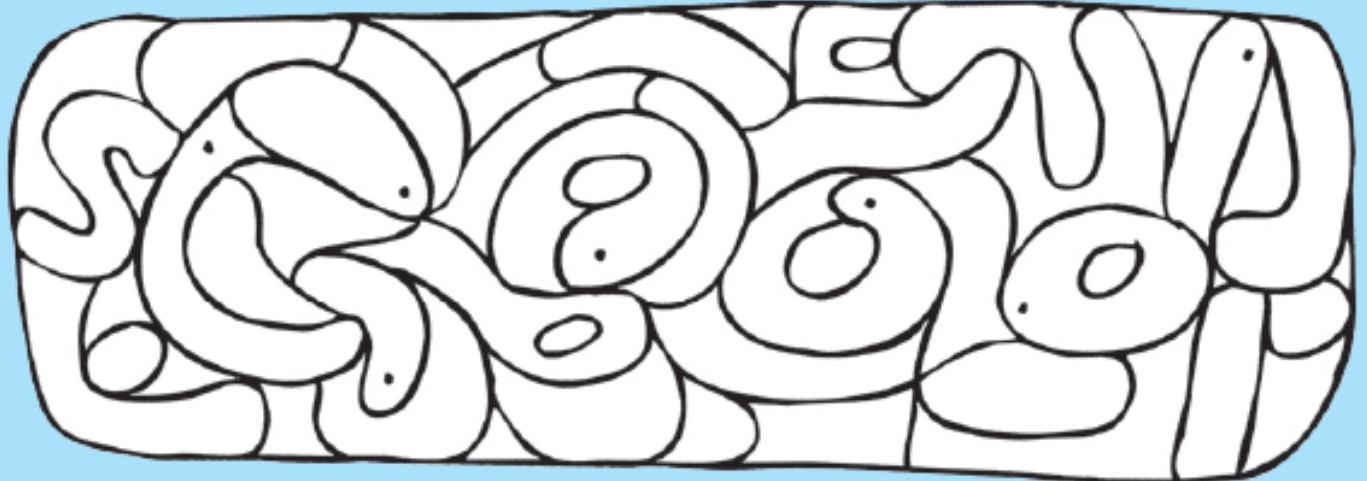

The sign said that he was a

King

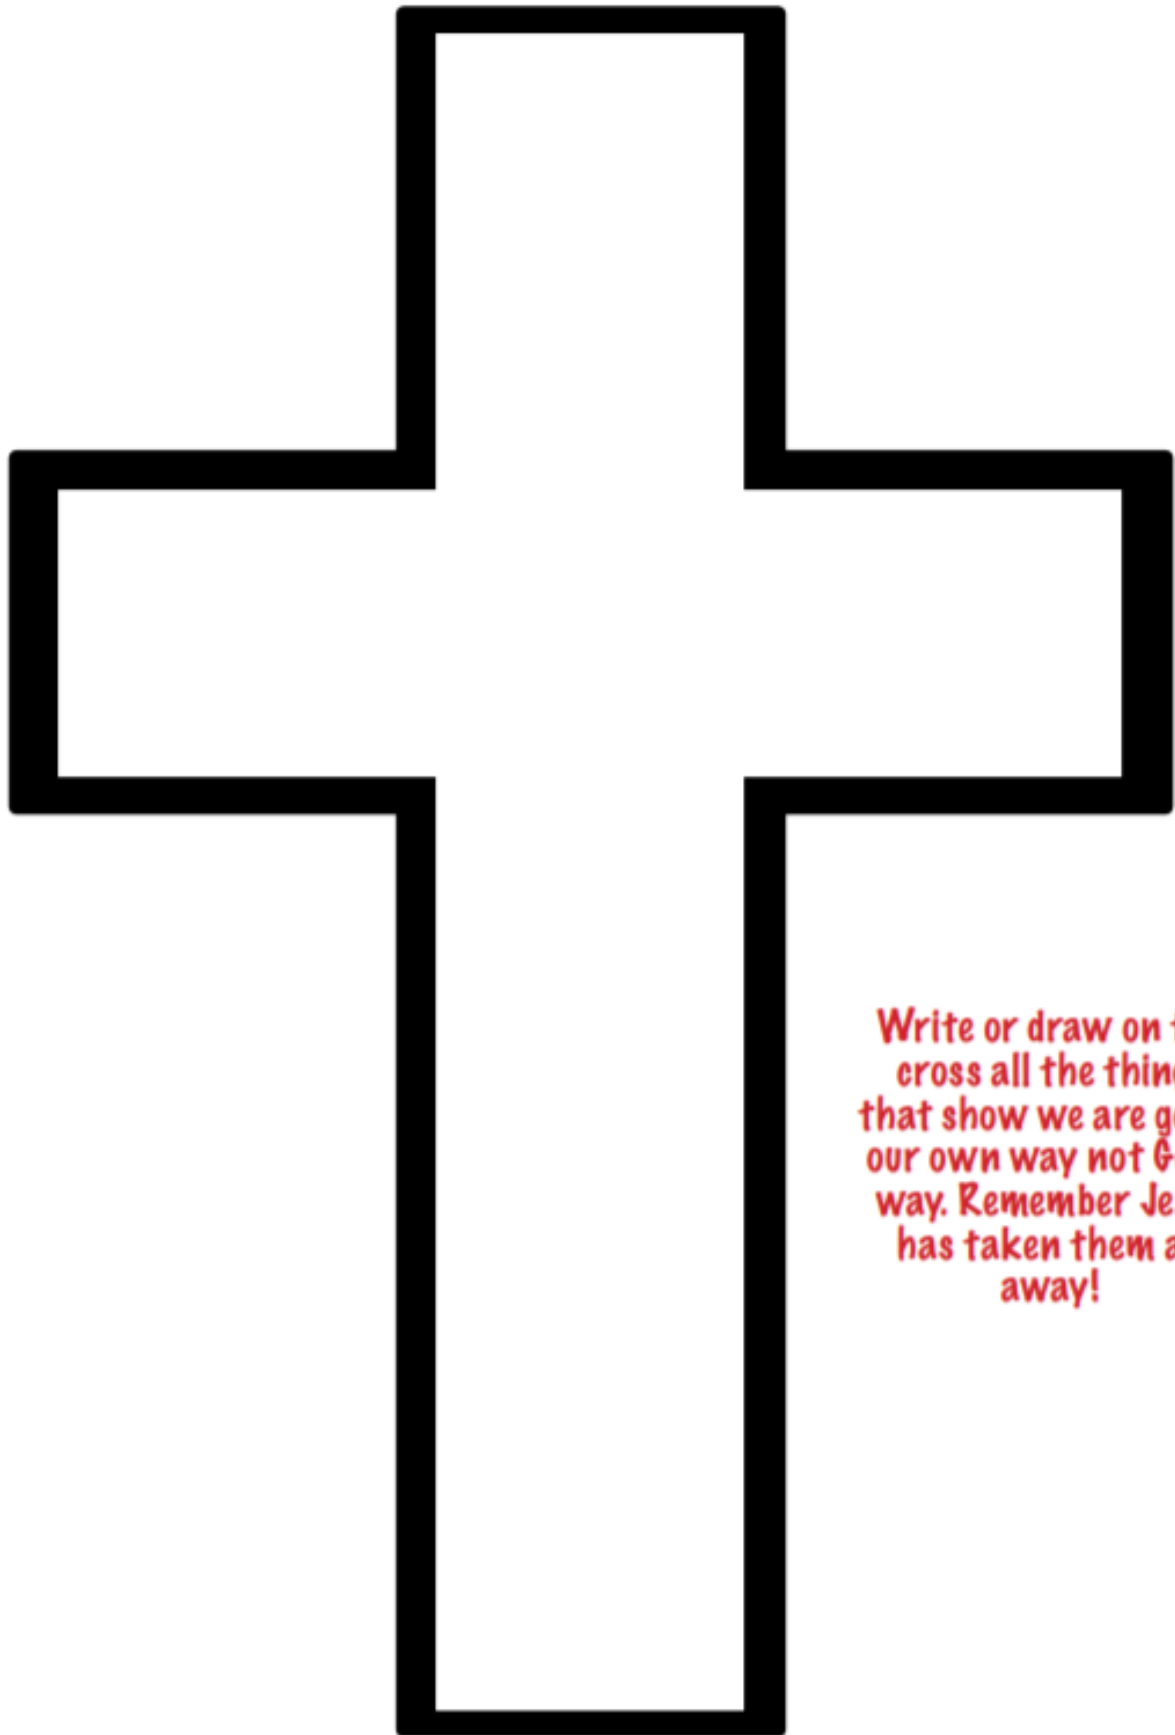

Jesus did lots of amazing things during his life, which showed that he was God's special King. *Draw some of the things Jesus did here:*

Jesus was arrested. Usually people get in trouble for doing the wrong thing. Colour in the shapes with a dot in them to find out if he did **good** things or **bad** things.

On the cross Jesus died for our sins. Sin is all the times when we choose our own way not God's way. Jesus took the punishment so we didn't have to.

Write or draw on the cross all the things that show we are going our own way not God's way. Remember Jesus has taken them all away!
